Subject : FIRST/Planck - SPIRE technical status meetings with ESA

Dear Ken,

As already briefly discussed during the detector selection review, I want to restart the technical meetings between SPIRE and ESA. These meetings had been suspended last year as the exchange of information during the cryostat interface study covered most of the needs.

I want to conduct these meeting every three months as a one day meeting, held nominally at ESTEC. Please find below my proposal for the dates.

Technical meeting #2000-1:	24.3.2000
Technical meeting #2000-2:	23.6.2000
Technical meeting #2000-3:	30.10.2000

Please verify the proposed dates.

The agenda for the first meeting will be sent a week before the meeting.

Best regards

T. Passvogel
