

Agenda

SPIRE IDT Meeting, Imperial College, 7 December 2000

Room 1018, Blackett Laboratory, Prince Consort Road, SW7.

(times are approximate)

10:30 – Review of action items from Edinburgh IDT

10:50 – Agenda items to be added to AOB

11:00 – Review of manpower for forthcoming year regarding responses to Trevor's email to the IDT at large

11:20 – Java training: What do we want from the course, what can we do in preparation?

11:45 – URDs: Where do we go from here?

12:30 – LUNCH (buffet provided)

13:30 – Summary of morning session for afternoon participants

13:45: - Summary reports on other meetings (e.g. the System Review)

14:00 – SPIRE Work Packages for the Software Project Management Plan (SPMP): Review of timetable over next 18 months and how to support it.¹

15:00 – TEA & COFFEE

15:20 – FIRST Common Science System (FCSS) working group Technical Notes: Does the FCSS as described in the Technical Notes support what we want? Who else in SPIRE should read the Technical Notes and provide feedback?²

16:20 – AOB

16:45 – Summary of Action Items from the meeting

17:00 – Close

¹ Documents are on the SPIRE ICC web page <http://star-www.cpes.susx.ac.uk/~sjo/icc/index.html>

² There are three Tech Notes describing parts of the FCSS: Normal Operations; IDT; and Products. Please review the one most relevant to you. They can also be found on the ICC web page.
