Dear Sirs,

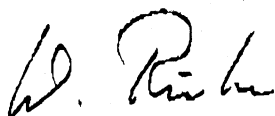

Due to severe overload on our FTP Server we are presently not able to dispatch further documents. To enable Astrium to perform normal project work, we urgently ask you to retrieve and afterwards delete all your documents and folders on our FTP-Server. We are running into severe problems because the size limitation of the server is reached. Please find the according procedure in document

Utilisation of the Astrium FTP-Server  
 HP-2-ASED-AM-0001

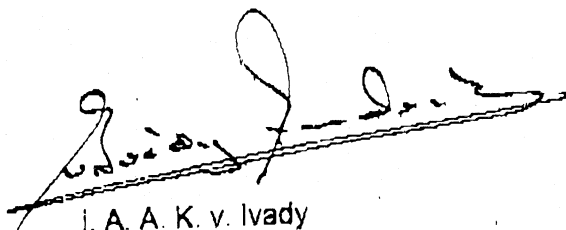

In order to re-enable proper work we will delete, on the 12<sup>th</sup> March 2003 starting 15:00 hrs all items left, i.e. the FTP-Server will be "clean".  
 In case you encounter problems with the retrieval or deletion, don't hesitate to contact me.

Kind regards

Astrium GmbH
