<p><u>Men version</u></p> <p>One day a genie appeared to a man and offered to grant him one wish. the man said:" I wish you'd build a bridge from here to Hawaii so I could drive there anytime" The genie frowned" I don't know. It sounds like quite an undertaking," he said. "Just think of the logistics. The supports required reaching the bottom of the ocean, the concrete, and the steel! Why don't you pick something else?" The man thought for a while and then said, "Okay, I wish for a complete understanding of women- what they are thinking, why they cry. I wish I knew how to make a woman truly happy". The genie was silent for a minute, then said</p> <p>"So how many lanes did you want on that bridge?"</p> <p><u>For equality purpose – Women version</u></p> <p>One day a genie appeared to a woman and offered to grant her one wish. the woman said:" I wish you'd build a bridge from here to Hawaii so I could drive there anytime" The genie frowned" I don't know.
